

History Lunch and Learn Fri 9/1: Howard County Resistance From Enslavement Mapping Project Unveil

August 31, 2023

This is an informal event that we are having tomorrow, our first Lunch and Learn, in which we will be unveiling our next large project we're dubbing The Resistance Project. It will involve local high school students, and we're endeavoring to showcase the county's self-liberation from enslavement data from primary source documents and newspaper advertisements. Many Lunch and Learns don't actually involve people eating lunch, but we encourage people to do so! Attendees will be able to use a \$5 voucher for an on-site sandwich shop or bring their own. Bottled water will be provided. Interested?
